

BUBBLE WRAP

We understand that protective packaging forms a vital part of your business logistics.

We use our expertise to advise customers on the most effective and efficient packaging solutions for their specific requirements, ensuring your goods arrive in despatch condition.

Bubble Wrap

lightweight and protective bubble cushion for general packaging.

Bubble wrap offers a lightweight and protective bubble cushion for general packaging of fragile and different shaped products.

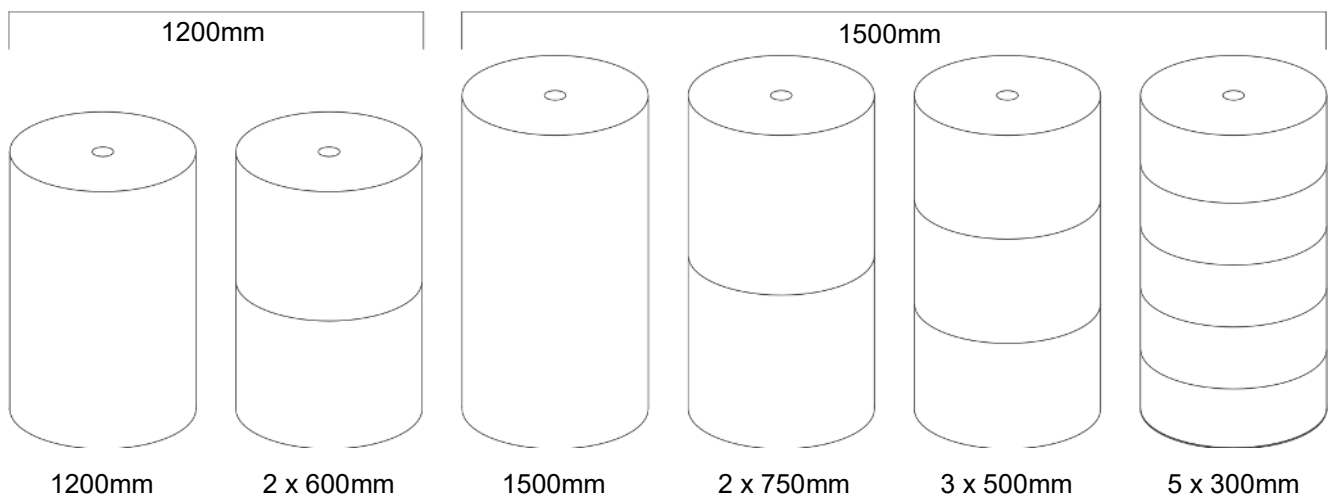

KB Packaging stock a wide range of Bubble wrap rolls ranging from small to large diameter bubble in standard film or anti-static.

The small diameter bubble is supplied in 100m rolls and the large diameter bubble is supplied in 50m rolls.

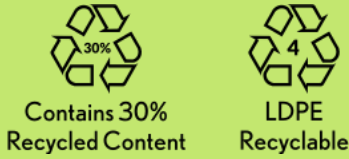

2200mm, 1800mm, 1500mm, 1200mm, 1000 and 900mm are all single rolls.

The narrower widths are cut from 1200mm and 1500mm widths and are sold in full width bundles.

Environmental

Recyclable

Can be recycled at many independent recycle centres.

Recycled Content

All standard grades contain a minimum of 30% recycled content.

Reusable

Air retention allows for multiple reuse.

Source Reduction

Provides better protection using less packaging material compared to loose fill or paper.

Damage Reduction

Eliminates the need to ship replacement products in additional packaging materials.

Bubble Bags

lightweight and protective bubble bags for general packaging.

Bubble bags provide excellent cushioning for fragile or small delicate products.

The transparent bags are lightweight with a peel and seal lip for ease of use.

The pink tinted anti-static bubble bags which are designed to protect the contents against static charges. This would be especially suited for mobile phones, PCB boards and other electrical equipment.
