Regulatory & Environmental Compliance

The following statements are drawn from KB Packaging's current, company-wide compliance declarations (all dated July 2026) and apply to this product as part of KB Packaging's full packaging range:

PFAS	Not used in manufacturing processes at any KB Packaging site and not intentionally added to raw materials, as confirmed by supplier statements.
REACH (EC 1907/2006)	Understood not to contain Substances of Very High Concern (SVHC) from the

ECHA Candidate List above 0.1% w/w each, based on supplier information.

Packaging & Packaging Waste	Complies with EU Directive 94/62/EC (and amendments 2004/12/EC, 2005/20/EC) and, where applicable to the customer's market, the EU Packaging and Packaging Waste Regulation (EU) 2025/40 (PPWR), effective 12 August 2026.
Recyclability	Recyclable in line with EN 13430, subject to the specific material and the recycling infrastructure available in the market of use.
Recycled Content (general)	KB Packaging's polymer-based materials can range from 0% to 100% recycled content depending on product line and customer specification.

These declarations are based on information provided by raw material suppliers, offered in good faith, and do not constitute laboratory-verified test data for this specific product. Analytical confirmation should be requested separately if required.
