Recyclable	100% recyclable, compliant with EN 13430 (Packaging – Requirements for packaging recoverable by material recycling). It is the responsibility of the user to dispose of correctly.

Regulatory Compliance & Certification

The information below reflects KB Packaging (UK) LLP's company-wide declarations, which cover this product as part of our general corrugated cardboard boxes and cartons range. These are self-declarations made in good faith based on information from our raw material suppliers; they are not laboratory-verified test data for this specific board grade. Product-specific test reports should be requested separately if required.

REACH Compliance	Declared not to contain Substances of Very High Concern (SVHC) from the ECHA Candidate List above 0.1% (w/w) each (KB Packaging Declaration of Conformity to REACH & PPWR, dated 29 July 2026)
PPWR (EU) 2025/40	Declared compliant with Regulation (EU) 2025/40 (PPWR), applicable from 12 August 2026, replacing Directive 94/62/EC (KB Packaging Declaration of Conformity to REACH & PPWR, dated 29 July 2026)
PFAS	Declared not used in manufacturing and not intentionally added to raw materials (KB Packaging Statement on PFAS, dated 29 July 2026)
General Declaration of Compliance	Covered under KB Packaging's Declaration of Compliance for corrugated cardboard boxes and cartons against EU Directive 94/62/EC and PPWR (EU) 2025/40 where applicable, and EN 13430 recyclability (dated 29 July 2026)

**Recycled Content
(company-wide guide)**

KB Packaging's cardboard and board-based packaging typically contains 70-100% recycled fibre; actual content for this product line is 65-90% as specified above
